

While shopping at the Market, please keep the following in mind:

- **Only visit and shop at the Market if you're feeling well. If you're sick, please stay home and take care of yourself**
- **Wash your hands frequently using soap and hot water. Sanitize your hands frequently using pumps on site**
- **Keep at least six feet apart from other shoppers and vendors**
- **Cover your cough and sneezes with a bent elbow or tissue, and dispose of used tissues immediately**
- **Be sure to wash all produce purchased at the Market, especially if you plan to consume it raw**
- **Please keep your Market trip as abbreviated as possible. We suggest making a list of items for efficiency**
- **We ask for your patience if we need to monitor customer numbers in and out of the indoor areas**

If you have questions/concerns, please consider reaching out to Market staff via phone at 585-428-6907 or at PMarket@cityofrochester.gov instead of in-person at the office

New guidelines for vendors and shoppers have been implemented to increase health and safety measures, including:

- **Requiring vendors to wear food-grade gloves, and change them frequently;**
- **Deep cleaning of all Market areas with disinfectant;**
- **Allowing through-traffic for faster and more efficient pickups**
- **Staffing an additional sanitation crew on Market days to continuously disinfect surfaces, doors, railings, restrooms, etc.**
- **Installation of sanitizer pumps throughout the B shed next to all entryways and near bathrooms**
- **Posted City of Rochester signage about reducing the spread of germs**
- **Removed all seating from restaurant kiosks on Market grounds in recognition of New York State's restaurant and bar seating ban**
- **Featuring additional security staff in order to monitor the crowding of indoor areas**
- **Staggering and alternative working conditions for Market staff to decrease exposure**
